

Horse Identification Certificate

This identification must be submitted or updated to the county agent by May 1 of the current year to qualify this animal for district and state shows. *The original ID form and picture must be kept by the 4-H'ers and be presented at the District Show plus be available at State Fair if requested by an official. A copy can be kept in the county office. No forms will be sent to the State 4-H Office.* Most shows (including district and state) require this ID to be presented at check-in. Horses identified after May 1 or horses without proper ID certificates cannot show. **No more than two members of the immediate family per horse may participate (see rule book).** *Please attach a standard-size picture on the back right-hand corner.*

■ **This horse is a project for:**

This same form can be updated for the next few years.

Leasing Option: You may lease a horse for your 4-H project, but you cannot also identify a family-owned horse.
Exception: 4-H'ers who qualify for the two-year-old snaffle bit project may identify a leased horse for use in this project. If the leased horse is a snaffle bit horse, the 4-H'ers may also identify a family-owned horse to serve as an "open" project horse, but may not identify a family-owned horse for the two-year-old snaffle bit project. Once a leased horse has been identified as a two-year-old snaffle bit project, the horse is not eligible at the district show.
