- Kitchen/Cooking safety
- Fire Safety Basics

OXYGEN
SUPPLEMENTAL OXYGEN

- 1.5 Million users
- 1,190 people burned

OXYGEN FIRES

OXYGEN SAFETY

- No smoking
- Keep off
- Switch off
FIRE SAFETY BASICS

Can you hear your alarm?
If you can’t, consider getting a strobe light that will flash or a bed shaker that will shake when the smoke alarm sounds.

FIRE SAFETY BASICS

Choose to live in a fully fire-sprinklered building for the best fire protection.

FIRE SAFETY BASICS

Check electrical cords.
Replace cracked, damaged and loose electrical or extension cords.
